

The Stanley Gas Rail Saw: "Compare power to weight and this is lightest gas rail saw on the market"

Gas Rail Saw**RSG 10**

Stack up all the features and the RSG quickly becomes the saw of choice. Ergonomic and vibration isolated handles make cutting an breeze.

Features and Benefits

- Automatic Belt Tensioning System
- Fast-Dex - The New Indexable Guard Swivel Lock
- Rugged Lightweight Cast Aluminum Guard
- Extended Blade Life - Unique Guard and Blade Collars Increase Cutting Depth
- Sealed Ball Bearing in Arm Swivel Joints
- Preset and Adjustable Clamp Arm Stops
- Triple Carburetor Filtration
- Bell-crank Style Clamp Mechanism Rigidly Clamps to all type of rail
- Integrated Retractable Blade Index Guide

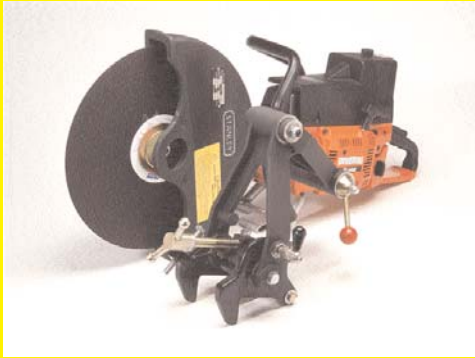

Specifications

ITEM	U.S.A.	METRIC
Displacement		100.9 cc
Output Energy	6.14 h.p.	5.0 kw
Weight	39 lbs	14.4 kg
Length	35 in.	890 mm
Width	9 in.	228 mm
Height	16.75 in.	425 mm
Spindle Speed		4500 -5100
Fuel Capacity	.22 gal.	1.00 ltr

Key Features

The bell crank style rail saw clamp can be attached to either side of the saw allowing cuts from both sides of the rail.

Automatic belt tensioning system eliminates slipping belts and provides constant proper belt tension. This feature greatly reduces belt failure and wear which in-turn reduces downtime.

Triple filtration assures clean air for the carburetor intake thus extending the life of the engine.

Fast-Dex the indexable guard swivel for fast guard position adjustments requiring no tools. Just a simple push of the black knob and turn the guard into the desired position. The guard locks positively into position upon release of the knob.

Ordering Information

Model	Description
RSG10110	Gas Rail Saw 14in Dia Wheel Capacity w/ Clamp and Tool Kit
RSG10100	Gas Rail Saw 16in Dia Wheel Capacity w/ Clamp and Tool Kit
